

My Prayer Hand

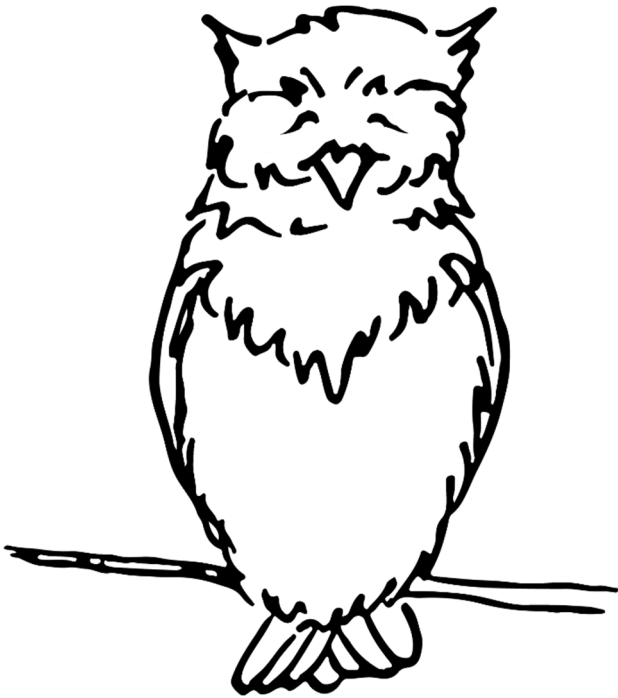

Trace one hand below. Then write names of people to pray for on each finger.

- Your thumb is closest to your heart, so pray first for those closest to you.
- Your index finger likes to point, so pray for those who point you to truth, like your teachers and pastor.
- Your middle finger is the tallest, so pray for those in the highest levels of authority in government and in your church.
- Your ring finger is the weakest, so pray for those who are hurt, troubled, sick and needy.
- Your pinkie finger is the smallest. Don't forget to pray for yourself, too.
